**For – City of League City**  
**Open Access Plus Mid Plan**

**This plan contains a higher level of In-Network benefits for a Client-Specific Network (CSN) as shown in the column labeled “CSN”.  
 The CSN network is defined by the Client.**

**Selection of a Primary Care Provider** - your plan may require or allow the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. If your plan requires designation of a primary care provider, Cigna may designate one for you until you make this designation. For information on how to select a primary care provider, and for a list of the participating primary care providers, visit [www.mycigna.com](http://www.mycigna.com) or contact customer service at the phone number listed on the back of your ID card.

For children, you may designate a pediatrician as the primary care provider.

**Direct Access to Obstetricians and Gynecologists** - You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit [www.mycigna.com](http://www.mycigna.com) or contact customer service at the phone number listed on the back of your ID card.

## Additional Information

### Case Management

Coordinated by Cigna HealthCare. This is a service designated to provide assistance to a patient who is at risk of developing medical complexities or for whom a health incident has precipitated a need for rehabilitation or additional health care support. The program strives to attain a balance between quality and cost effective care while maximizing the patient's quality of life.

### Maximum Reimbursable Charge

Out-of-Network services are subject to a Calendar Year deductible and maximum reimbursable charge limitations. Payments made to health care professionals not participating in Cigna's network are determined based on the lesser of: the health care professional's normal charge for a similar service or supply, or a percentage (115%) of a fee schedule developed by Cigna that is based on a methodology similar to one used by Medicare to determine the allowable fee for the same or similar service in a geographic area. In some cases, the Medicare based fee schedule is not used, and the maximum reimbursable charge for covered services is determined based on the lesser of: the health care professional's normal charge for a similar service or supply, or the amount charged for that service by 80% of the health care professionals in the geographic area where it is received. The health care professional may bill the customer the difference between the health care professional's normal charge and the Maximum Reimbursable Charge as determined by the benefit plan, in addition to applicable deductibles, co-payments and coinsurance.

### Medicare Coordination

In accordance with the Social Security Act of 1965, this plan will pay as the Secondary plan to Medicare Part A and B as follows:

- (a) a former Employee such as a retiree, a former Disabled Employee, a former Employee's Dependent, or an Employee's Domestic Partner who is also eligible for Medicare and whose insurance is continued for any reason as provided in this plan (including COBRA continuation);
- (b) an Employee, a former Employee, an Employee's Dependent, or former Employee's Dependent, who is eligible for Medicare due to End Stage Renal Disease after that person has been eligible for Medicare for 30 months.

When a person is eligible for Medicare A and B as described above, this plan will pay as the Secondary Plan to Medicare Part A and B **regardless if the person is actually enrolled in Medicare Part A and/or Part B and regardless if the person seeks care at a Medicare Provider or not for Medicare covered services.**

### Multiple Surgical Reduction

## Definitions

**Coinsurance** - After you've reached your deductible, you and your plan share some of your medical costs. The portion of covered expenses you are responsible for is called Coinsurance.

**Copay** - A flat fee you pay for certain covered services such as doctor's visits or prescriptions.

**Deductible** - A flat dollar amount you must pay out of your own pocket before your plan begins to pay for covered services.

**Out-of-Pocket Maximum** - Specific limits for the total amount you will pay out of your own pocket before your plan coinsurance percentage no longer applies. Once you meet these maximums, your plan then pays 100 percent of the "Maximum Reimbursable Charges" or negotiated fees for covered services.

**Place of service** - Your plan pays based on where you receive services. For example, for hospital stays, your coverage is paid at the inpatient level.

**Prescription Drug List** - The list of prescription brand and generic drugs covered by your pharmacy plan.

**Professional Services** - Services performed by Surgeons, Assistant Surgeons, Hospital Based Physicians, Radiologists, Pathologists and Anesthesiologists

**Transition of Care** - Provides in-network health coverage to new customers when the customer's doctor is not part of the Cigna network and there are approved clinical reasons why the customer should continue to see the same doctor.

## Exclusions

### What's Not Covered (not all-inclusive):

Your plan provides for most medically necessary services. The complete list of exclusions is provided in your Certificate or Summary Plan Description. To the extent there may be differences, the terms of the Certificate or Summary Plan Description control. Examples of things your plan does not cover, unless required by law or covered under the pharmacy benefit, include (but aren't limited to):

- Care for health conditions that are required by state or local law to be treated in a public facility.
- Care required by state or federal law to be supplied by a public school system or school district.
- Care for military service disabilities treatable through governmental services if you are legally entitled to such treatment and facilities are reasonably available.
- Treatment of an Injury or Sickness which is due to war, declared, or undeclared, riot or insurrection.
- Charges which you are not obligated to pay or for which you are not billed or for which you would not have been billed except that they were covered under this plan. For example, if Cigna determines that a provider is or has waived, reduced, or forgiven any portion of its charges and/or any portion of copayment, deductible, and/or coinsurance amount(s) you are required to pay for a Covered Expense (as shown on the Schedule) without Cigna's express consent, then Cigna in its sole discretion shall have the right to deny the payment of benefits in connection with the Covered Expense, or reduce the benefits in proportion to the amount of the copayment, deductible, and/or coinsurance amounts waived, forgiven or reduced, regardless of whether the provider represents that you remain responsible for any amounts that your plan does not cover. In the exercise of that discretion, Cigna shall have the right to require you to provide proof sufficient to Cigna that you have made your required cost share payment(s) prior to the payment of any benefits by Cigna. This exclusion includes, but is not limited to, charges of a Non-Participating Provider who has agreed to charge you or charged you at an in-network benefits level or some other benefits level not otherwise applicable to the services received. Provided further, if you use a coupon provided by a pharmaceutical manufacturer or other third party that discounts the cost of a prescription medication or other product, Cigna may, in its sole discretion, reduce the benefits provided under the plan in proportion to the amount of the Copayment, Deductible, and/or Coinsurance amounts to which the value of the coupon has been applied by the Pharmacy or other third party, and/or exclude from accumulation toward any plan Deductible or Out-of-Pocket Maximum the value of any coupon applied to any Copayment, Deductible and/or Coinsurance you are required to pay.
